FYI - interesting - any background on this? Should we get involved in the debate? Certainly this should be in our corporate capacity. If so, we might say eg

"This site has been developed and largely updated by the proprietors of the RoyalDutchShellplc website, a self-styled 'gripe site' that is dedicated to criticism of Royal Dutch Shell PLC, with which it has no connection. As such, the Wikipedia entry is biased, and we do not believe that it is consistent with the objectives of Wikipedia, ie to provide a factual and balanced source of information to web users."

Doubtless the Donovans would interpret this as indicating that we were involved in some underhand conspiracy to prevent him from expressing his views....
