Subject: RE: Wikipedia & Shell

Thanks - this is largely produced by our long-standing critic, John Donovan ... we, and the lawyers have been pondering for a long time what we can do about this without just drawing more attention to his efforts

Best regards

Not sure if your team is aware of the below link on Wikipedia that features quite prominently so called controversies in past and existing Shell operations/business. I won't be surprised if this link get quite a few hits when web users, such as students or even investors are seeking info on Shell.

Regards
