1. "How to end America's deadly coal addiction"

FT July 19 2009

Finally, someone is making sense. Going with NG, we could then take our coal reserves and sell them to China, if Russia doesn't undercut us on P & D.

Wherever they buy their coal, the beauty of the thing is, we can find finally stick it to those commies once and for all, all of em. See, they'll be heating up there side of the planet, while we stay cool over here.
